Thesis video presentation evaluation

NOTE: This part of the evaluation DOES NOT count towards the final thesis grade point average and it does not appear on the Summary page at the end of this evaluation form. It is however a required part of the thesis process starting in autumn 2020. Both thesis supervisor and the second thesis examiner should evaluate the video separately and the average of these two evaluations is to be entered here. Please review the thesis author's video presentation and evaluate it based on the rubric below.
